Free Standing - Vistaflame VF 100 F

The worlds leading stove manufacturer has specifically designed the VF100 to meet the demand for an affordable pellet stove, without sacrificing important quality features. Available in two models, the VF 100 have oversized ash pans and large pellet hoppers, just like the other more expensive pellet stoves. You can even sutomize the VF 100 to suit your individual setting. Easy to use and service, this attractive stove offers you all this at an unrivaled price.

We challenge you to compare the VF100 to any other stove. Feature for feature, won't find a better value - the whole world over.

Standard Features

- Easy to use controls
- Large heat exchanger
- Easy access hopper
- Steel brick firebox liner
- Large ash pan
- Standard ignitor
- Hidden door handle
- Mobil home approved

Options

- 24Kt gold door
- Nickel door
